

## TO BUILD PIPE LINE TO RANCH

The New Owners of Morgan Ranch to Specialize in Aberdeen Angus Cattle.

Alamogordo, N. M., March 21.—J. E. Stanley, of J. E. Stanley & sons, is now having a survey made, preliminary to building a pipe line of about six miles in length. The line will be two inches in diameter and will extend from the salt spring on the home ranch to a watering place about six miles west. He is having a 75,000 gallon tank built in El Paso now, and has ordered special pipe which resists alkali and salt.

The Stanleys bought the J. S. Morgan ranch and cattle, south of Alamogordo, and are specializing in the Aberdeen Angus cattle. Their last yearling, sold two years ago, brought \$15 around. Their herd of Aberdeen Angus cattle was shipped from their ranch in the Panhandle and now numbers about 600 head.

The horses were shipped out last night, and each of them as pass the test will be used to fill a contract with the French government. The price ranged from \$50 upward.

### Many Contracts Made.

Cattlemen in Otero county are beginning to make contracts for May deliveries of cattle. James A. Baird, whose ranch is in the San Andres, has contracted the sale of 200 head of cows and two, to be delivered in May. This number will include some of the cattle from the neighboring ranches, as well as his own. The price was not given.

## DRY WEATHER INJURES RANGE

Cattlemen Around Pecos Tide Over By Feeding; Small Shipments.

Pecos, Texas, March 21.—Range conditions in the Pecos country are unsatisfactory, because of the continued dry weather. Many of the cattlemen have been forced to resort to feeding in order to tide their herds over the dry spell.

Some shipments of cattle are being made and some stock is being shipped in to improve and strengthen herds. During the week Victor Brookfield shipped in from Saragosa three cars of cattle he had bought there from LeGrande Merriman. They were unloaded here and driven to his ranch near Arzo.

E. E. Eladish has received a carload of pigs which he will fatten at Stratford and later ship to Yorklet. R. M. Waskom has shipped four cars of fat sheep to market from Saragosa. They were shipped to Fort Worth.

### OLIVER SELLS 700 COWS

AND CALVES TO OMAHA MAN  
Alpine, Texas, March 21.—One of the notable cattle sales of this section for the month was the sale of 700 cows and calves by J. J. Oliver to E. Roy Townsend of Omaha, Neb. Alpine cattlemen report their cattle doing well.

## BATTLESHIP NEW MEXICO MOST POWERFUL SHIP IN THE WORLD

The new battleship New Mexico is a sister ship of the Illinois and the Mississippi, the two other dreadnoughts which were authorized in June, 1911. All three vessels will be 2,000 tons in displacement, the largest war vessels either completed or projected by any nation in the world. Each will mount 12 14-inch 20 caliber guns, the type which ordinance experts consider the most satisfactory in any country. The New Mexico, however, which is under construction at the Brooklyn navy yard, differs from her sister ships in that, while they will be driven by turbine engines, she will be the first battleship in the world to be propelled by

electricity, a type of motive power which engineering experts consider superior to all others.

The vessel is already in an advanced state of completion. The officials of the New York navy yard expect that she will be launched early in the fall, and it is probable that by the fall of 1915 the state of New Mexico will be represented in the United States navy afloat by the most powerful dreadnought yet constructed.

## Says Woman's Beauty Depends Upon Health

Health and Vigor Necessitate Regulation of Organs of Elimination.

SKIN foods and face creams and powders cannot make a woman beautiful, because beauty lies deeper than that—it depends on health. In most cases the basis of health and the cause of sickness can be traced to the action of the bowels.

The headache, the lassitude, the sallow skin, and the listless eyes are usually caused by constipation. An ideal remedy for women, and one that is especially suited to their delicate organization, is found in Dr. Caldwell's Syrup Pepsin, a mild laxative compound, pleasant to the taste and free from opiates and narcotic drugs of every description. Mrs. Gertrude Jordan, 222 North Liberty St., Indianapolis, Ind., says: "It is simply fine. I have never been able to find anything to compare with Dr. Caldwell's Syrup Pepsin. I started using it for the baby and now it is my family standby in all cases where a laxative is needed."

Dr. Caldwell's Syrup Pepsin is sold in drug stores for fifty cents, and a trial bottle can be obtained, free of

## FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonfuls for 50 Cents

If everything was sold in as liberal and fair a manner as Kelly & Pollard are selling Schiffmann's New Concentrated Expectant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just as we do with Schiffmann's famous Asthma, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints. Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of a manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?"

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 22 teaspoonfuls, because 128 worth makes a whole home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthma, of "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, St. Paul, Minn.—Adv.
